

Bad Rock Bed and Breakfast Inn
 480 Bad Rock Drive
 Columbia Falls, MT 59912
 406-892-2829
 888-892-2829

Because some of Montana's roads may lack adequate signage, the following instructions include exact mileage figures. You will find it very helpful to pay careful attention to your car's odometer.

FROM KALISPELL. Highway 93 becomes Main Street upon entering Kalispell. Continue north on Main, where there are a number of traffic lights, to the major intersection of Main and Idaho. Idaho is also Highway 2. The directional sign reads "Columbia Falls/West Glacier". Turn right onto Idaho/Highway 2 and go east 2.0 miles, (3.2 km) to the next major intersection, staying in the right lane. This intersection is confusing. DO NOT follow the directional signs reading "Columbia Falls/West Glacier". Stay in the right lane without turning and go through the intersection. The road now becomes Highway 35 and the directional sign reads "Bigfork". Stay on Highway 35 for 4.1 miles. This will take you to the first left turn pull-out lane after crossing the bridge. There is a small lake on your left just before the pull-out lane. You turn left here on to "Columbia Falls Stage Road". Follow Columbia Falls Stage Road for 7.5 miles to Bad Rock Drive. For driving at night, at this intersection there are telephone poles on both sides of Bad Rock Drive, on your right, and they are both marked with yellow/red/yellow reflectors. Turn right onto Bad Rock Drive and go 0.8 miles (1.28 km) to Bad Rock Bed and Breakfast's driveway on the right. There is a large boulder just before the driveway.

FROM GLACIER NATIONAL PARK AT WEST GLACIER. Take the railroad track underpass at West Glacier and turn right onto Highway 2. It is 10 miles (16 km) to the town of Hungry Horse. It is 5 more miles (8 km) to the junction of Highway 206. Turn left (south) at the traffic light onto Highway 206. The directional sign reads "Bigfork". Go south from the intersection 2.4 miles (3.8km) to Bad Rock Drive. Our sign and a blue and white sign reading "Markle Pottery" is on the northwest corner of the intersection. Turn right onto Bad Rock Drive and go 0.8 miles (1.28 km) to the first stop sign. Cross the intersection and go 0.1 miles to the first driveway on your left: Bad Rock Bed and Breakfast.

FROM GLACIER INTERNATIONAL AIRPORT. Turn left onto the road in front of the airport, Highway 2, and drive 4 miles (6.4 km) north to the intersection with a traffic light. The Blue Moon Cafe, is on the north side of this intersection. Turn right onto the four lane road, which is still Highway 2. Continue east for another 4.3 miles (6.9 km), through the town of Columbia Falls, to the junction of Highway 206, just past the "Big Sky Waterslide" park. Stay in the right lane and turn right onto Highway 206. Go south 2.4 miles (3.8km) to Bad Rock Drive. Our sign and a blue and white sign reading "Markle Pottery" is on the northwest corner of the intersection. Turn right onto Bad Rock Drive and go 0.8 miles (1.28 km) to the first stop sign. Cross the intersection and go 0.1 miles to the first driveway on your left: Bad Rock Bed and Breakfast.
